

## Ordering Length Liner

Because we really do produce MORE LINERS THAN ANY OTHER SOURCE we can offer you nearly 10,000 different fabric-covered liners in LENGTH. We do have some minimums however and there may be times when ordering our standard 8 ft 10 inch lengths may not be the best way to meet your need. Keep reading to get the most for your money!

### MINIMUMS

- Minimum Quantity of Lengths - To ship any sticks which are 60"-106" in length you must order a total of six comparable lengths. This is for strength purposes. You may include stretcher bars or other raw liners to meet this six stick requirement.
- Minimum Quantity of a Fabric-Covered Liner - Our most popular fabric-covered liners are listed on pages 18-20 of our current Price List. You may order as little as two sticks (usually 18 ft) of these items. All other fabric-covered liners (found on pgs 22-25) are custom made and have a FOUR stick (usually 36 ft) minimum order. SCOOP-shaped profiles must always be ordered in pairs (18 ft, 36 ft, 54 ft, etc.)

### STANDARD LENGTHS and RANDOM LENGTHS

- Length To Do ? - If you are ordering Liners in Length, you should plan on getting our standard 8 ft 10 inch lengths. But frequently we have other lengths available (6,7, or 8 ft) which may work better for your job(s). Tell us what you are doing with your liner (ie. Sizes) and we may be able to save you some money. Have a project where 9 or 10 ft sticks leave you with a lot of waste? In many cases we can offer you the custom lengths you need and save you a bundle. Call us for a quote or more information on this unique capability.

### AVOID GETTING SCREWED ON YOUR SHIPPING CHARGES

- To Avoid Carrier Surcharges - If we can cut your bundles in half (53" X 53") or (58" X 48") so that we can keep your package below 60" you will avoid the "Additional Handling" (A/H) \$5.00 surcharge UPS and FedEx imposed on packages over 60".
- Get Your Money's Worth When Shipping Uncut Lengths - Our Standard Lengths are 8' 10" long. Packages with these lengths included are billed by UPS and FedEx as 70lbs (O/S 2) and also assessed the A/H \$5.00 surcharge. It costs the same to ship a few sticks as it does to ship a box full of sticks. Include commonly used items like Stretcher Bars to "fill" a box and pay no additional shipping.

### DO YOU REALLY NEED LENGTH - RAPHAEL'S "NET CHOPS" SAVE 15-25% OFF CHOP PRICE

- "Net Chops" are an especially wise choice when ordering profiles wider than 2", you save 25% off our Chop Price and by trimming the chop just before joining you'll get the cleanest corners. "Net Chops" can usually be shipped within 24 hours.
